**NEW FOR 2019**

- Four LivingWell health plan options
- Optional dental & vision coverage
- Lower cost for COPD & asthma medications
- Rethink: Free support for families of children with autism or other challenges

Details in your Benefits Selection Guide

Open enrollment begins October 8, 2018 and it is **mandatory** for health insurance. Every employee must go to the [KHRIS.ky.gov](http://KHRIS.ky.gov) website and enroll. New this year, the state is offering voluntary plans for vision and dental. Additional information regarding the voluntary benefits as well as health care plans can be found in the [2019 Benefits Selection Guide](#) or the Frequently Asked Questions [2019 FAQs](#).

Some of you may already participate in voluntary vision and dental plans offered by BCPS. You may still participate in those voluntary plans; however, this year you do have the option for the state offered plans as well. Please visit the KHRIS website as soon as possible to make your health insurance selections! Freda Holderman is available for open enrollment assistance and can be reached by calling 869-8013.
